

February 2017 HPEC Meeting

Thursday, February 9, 2017

Attendees: Marilyn Zophar, Denise Green, Jay Hersh

- We voted unanimously to adopt the minutes of the December 2016 meeting as previously sent out.
- We voted unanimously to defer adopting the minutes of the January 2017 meeting until the March 2017 meeting to give the members additional time to review them due to their length
- It was reported back by Marilyn that it was too late for us to submit any request for funding in the current year's budget
- Jay reported that a notice had gone out with Hyde Park Electric's monthly bills announcing the Informal Energy Audit program and that as of the time of the meeting approximately ½ dozen people had responded. Jay had begun contacting individuals to advise them that he was a few weeks out from scheduling and would be getting back to them soon to start setting up appointments. Jay reported that in the meantime he was working on a checklist to use when performing those audits
- The group discussed the Energy Tip Sheet project Denise had proposed (i.e. that we work on developing energy conservation tips which can be included with the electronic bills that Hyde Park Electric will be sending out once they switch over to the electronic billing system) and decided that it represented the best use of the Committee's limited resources. In light of this decision the Committee chose to use the balance of time remaining this evening as a working session to start working on those tips and good progress was made.

Meeting adjourned.
