Susan opened the meeting at 4:02 p.m.

1. Welcome – Public Comment ~ No changes. No public comment.
2. Meeting called to review last weekend's emergency response to the 11/1/2019 flood event; needs for the next emergency event, complaints and praise reports; and next steps in the response.
3. All agreed that the additional cones and "Road Closed" signs were needed, noting substantially weighted signs were needed as in-stock signs were easily blown over with winds above 25 mph. A recommendation for "cow tags" with numbers was received, so the site # could be displayed on a stake and then photographs would include the site #. No other needs were identified as communication was acceptable, but some cell service gaps exist in eastern half of the town.
4. The list of 39 road damage sites was reviewed with six needing additional engineering review. More sites are likely to be added.
5. Adjourn 5:15 pm
