3:00 Public Comment

3:05

**Report on first meeting of the Vermont Climate Council** that was established by the Global Warming Solutions Act. Green House Gas Emission reduction is no longer a goal, it is now a requirement.

### **Pollution Reduction Plan to Meet Targets**

We have one year, December 2021 to develop our plan to reduce our emissions for 2025, 2030, and 2050.

### **Action**

Elisa Clancy proposes that we have a section on the HPEC web page that contains links to this initiative, including: The Climate Council website and any work the Town and HPEC is doing in this arena

3:15

**VECAN Virtual Conference December 5<sup>th</sup> – 11<sup>th</sup>**

Sign up

3:30

**Follow up on the School Bus** emissions report and the possible goal of a fleet of Electric School Buses for HPES and Lamoille North Supervisory Union.

3:40

**Follow Up on Planning Commission and Select Board involvement.**

Can HPEC begin talks with Planning Commission?

Where could Electric School Buses Charge? Could we park/charge them at the solar farm?

3:50

**Follow up on the Hyde Park Library Renovation and Gihon Hall Renovation.**

3:55 Other Business
